Visiting Artist Workshop

542 **Ron Pokrasso** **Beyond Monotype with Akua inks**

Ron Pokrasso covers a wide range of techniques possible in the monotype process and continues through the use of collage, drawing, and multiple plate projects. Participants will be encouraged to pursue their artistic vision using monotype as a mark making tool in combination with whatever other techniques are efficient and available. The notion of the "artist as an inventor" is stressed as mixed media techniques

open the door to limitless opportunities. The approach is energetic and open while each participant's individual style helps to dictate the direction of the workshop. Image: Ron Pokrasso, Old Simple Tree Small Brick Wall
